Confirmand Initiative *for* Anglicans

An Anglican ICT initiative

THE PROGRAMME

Participants will be responsible for completing a number of tasks, which will allow them to apply things learnt during Confirmation/Sunday School classes and during online school. Participants will simultaneously develop/exercise crucial life skills such as communication and IT while exposing them to areas of interest, assisting in the community and just giving back.

LET'S BREAK IT DOWN

Is this programme for me?

If you want to mature in your relationship with God through stewardship while learning valuable ICT and communication skills which will increase your employability then this is the programme for you.

Skills being offered

Communication:

- Written: Reflections, Documentation
- Oral: Interpersonal, Public Speaking , Vlogs

ICT:

- Software
- Video Editing

Stewarding:

- Music Ministry
- Audio Visual Ministry
- Community Outreach

Support and Guidance

You will have the support and guidance of your priest, catechists, the ICT team and your family during project. Along with developing the video, participants will explain to the group how they can use the skills gained, during this exercise, to working within the community, at home, at school and with those-in-need.

Get in touch and find out how you can be part of the AVA international family.
